### **Chairman's report:**

The first invoice (\$73,897.00) for the Cranial Cruciate Ligament Rupture was received from Morris Animal Foundation and paid. The second and final invoice (\$45,775.00) will be due in January 2009. The total amount of the study is \$119,672.00.

After investigating the request from AKC for sponsorship in the amount of \$2,500.00 for an inaugural one-day cardiovascular disease symposium in October 2008, Clyde recommended that we not participate as a sponsor. It was the consensus that the benefit to the Newfoundland breed would be minimal. It was also recognized that researchers will benefit from this symposium.

Mary L. Price, Mary W. Price and Clyde will compose a letter addressing our concerns about the financial history of the Fund and our contributions and the current award system for proposals. Andy Zinsmeyer reported on MissionFish. This is a creation of E-Bay and is available to non-profit organizations. A non-profit organization may design a web page link that includes the mission statement of the organization and a gift form. Any on-line gifts are routed through the PayPal account at E-Bay and then forwarded to the organization. In this case, all donations will be forwarded through the trust checking account to Mary L. Price. A question occurred on the transfer security when the gifts are received in the Trust checking account. Mary Lou Roberts will confirm the security of the transfer with Mary Lou Zimmerman who is familiar with the process.

A stipulation for this non-profit page is that it must include a mission statement composed of fewer than forty words. The mission statement of the Trust was modified to meet this requirement. The shortened mission statement will appear as follows on the MissionFish page:

NEWFOUNDLAND CLUB OF AMERICA CHARITABLE TRUST  
MISSION STATEMENT

To secure donations, to manage and distribute funding in support of research grants studying Newfoundland health issues, to provide monetary aid for Newfoundland rescue, and to award educational scholarships to junior Newfoundland fanciers.

Andy Zinsmeyer also reported that the Gift Web Site will be available for electronic donations by November 1. The program is being implemented in a step-by-step rollout: step one (completed) Establishment of the MissionFish Program; step two placement of a “donate now button” on the NCA Charities website; step three completion of the network for good program.

The next meeting of the CTMB will be at 7:15 CDT on Wednesday, October 1, 2008.

Janice Hight moved to adjourn at 9:35 p.m. CDT. Mary W Price seconded. Motion passed unanimously.
