Charitable Trust: ANNUAL REPORT

YOUR GIFT
THEIR FUTURE

Hello!

We are proud to share the 2025 Impact Report of the Newfoundland Club of America Charitable Trust. This year, because of your generosity, 196 Newfoundlands received rescue support — including 37 dogs in a life-changing Montana rescue — \$60,070 was awarded to critical health research (including four new hemangiosarcoma studies). Every rescue story, every research breakthrough reflects the compassion and commitment of donors like you. As you read this report, we invite you to continue standing with us — your gift today helps secure a safer, healthier future for every Newfoundland.

The 2025 Newfoundland Club of America Charitable Trust Impact Report highlights a year of extraordinary compassion, scientific advancement, and investment in the future of the breed.

Through the NCA National Rescue Network, 196 Newfoundlands were assisted in 2025, including a large-scale rescue of 37 dogs seized in Montana who received veterinary care, rehabilitation, and placement into loving homes.

The Newfoundland Health Challenge funded \$60,070 in research grants and now supports nine active studies, including four newly funded hemangiosarcoma projects aimed at earlier detection and improved treatment of this devastating cancer.

As the Trust enters its 29th year as a not for profit 501(c)(3) organization, every achievement reflects the generosity of donors whose support fuels rescue, research, education, and long-term stewardship of the breed.
